Core Skills

Research: User Interviews, Usability Testing, Competitive Analysis, Survey Design, Affinity Mapping, Journey Mapping,
UX: Information Architecture, User Flows, Wireframing, Prototyping
Technologies: Figma, Qualtrics

Education

M.S. Information Management (MSIM), *UX Specialization* | University of Washington, Expected 2027

B.S. Media Studies, *Digital Storytelling Concentration* / **Health & Wellness Minor** | University of California, Berkeley, May 2026

Relevant Experience

UX Researcher | UC Berkeley CalCentral Advising with AI, Selected Research Project — Jan 2026 - May 2026

- Led primary qualitative research, conducting the majority of six needfinding interviews and four moderated think-aloud usability tests using a live React prototype.
- Contributed to a 27-participant survey and synthesized findings across methods to identify issues with discoverability, cognitive overload, and trust in AI-supported advising.
- Translated research findings into recommendations to improve advising visibility, clarify AI entry points, and preserve access to human advisors.

Product Lead / UX Design Consultant | UX@Berkeley, Berkeley, CA — Aug 2025 - May 2026

- Led a cross-functional team designing an AI-assisted travel-planning experience.
- Conducted and synthesized 10 user interviews, translating behavioral patterns into product requirements, user flows, and prototype decisions.
- Redesigned the information architecture of the Berkeley Student Food Collective website.

UX and Digital Strategy Intern | Obayashi North America, Foster City, CA — Jan 2025 – Dec 2025

- Led the UX redesign of a 36-page corporate website, creating layouts across the entire site and defining its information architecture, navigation, and content strategy.
- Conducted 17 stakeholder interviews across Engineering, HR, Safety, Operations, and Executive Leadership to identify content gaps, navigation challenges, and departmental needs.
- Developed a revised site architecture to clarify the North American division's relationship to Japanese headquarters and make project information easier to find.
- Translated stakeholder research and competitive analysis into page layouts and content recommendations for implementation.

Marketing & User Experience Intern | Onlo (Benchmark Portfolio Company), Berkeley, CA — Nov 2023 – June 2024

- Conducted user interviews to identify causes of onboarding abandonment, identifying key usability issues contributing to onboarding friction.
- Designed and prototyped an onboarding solution that increased adoption by 27%.

Broadcast Producer | CalTV, Berkeley, CA — Jan 2025 – May 2026

- Produced four published video features, managing interviewing, filming, and editing from concept through publication.
- Researched campus and community issues and interviewed sources to translate diverse perspectives into clear visual narratives.

Professional Development – Google UX Design Coursework | Coursera

- Foundations of User Experience (UX) Design
- Start the UX Design Process: Empathize, Define, and Ideate
- Build Wireframes and Low-Fidelity Prototypes
- Conduct UX Research and Test Early Concepts

Recognition

Recipient of 45+ national and international journalism awards, including National Pacemaker Multimedia Story of the Year.
